

FLASHLIGHT 77H101-130 FIELDPAL L1 MANUAL & WARRANTY

Congratulations with your great choice of the HOMEY's 77H101-130 FIELDPAL L1 LED flashlight

The CREE® T6 LED of this flashlight provides a powerful, bright light beam of ± 800 lumen and a light range of ± 200 m.

WARNING: VERY POWERFUL LIGHT BEAM, NEVER LOOK DIRECTLY INTO IT!

The intelligent Light Control offers the choice of the following modes: High – Medium - Low – Strobe – SOS and also offers a focus system. The FIELDPAL L1 is very efficient because of its low power consumption and the incredibly long lifespan of the LED. 3 AAA batteries included.

Technical specifications

Construction/Finish	Durable, hard anodised aircraft-grade aluminum
Total length	130 mm
Weight	138 grams (157 incl. battery)
Body/bezel diameter	25 mm resp. 30 mm
Lens	Tempered glass, unbreakable
LED	Original CREE® t6 LED
Light output	± 800 lumen
Light beam	Infinitely adjustable from very wide beam to spotlight by the Focus System
Light range	± 200 m
Modes	High – Medium - Low – Strobe - SOS
Degree of protection	According to IP67, downpours resistant - and shock proof

Supplied accessories

Batteries	3 x AAA
-----------	---------

Fine quality for Prolonged Use

The flashlight 77H101-130 is a fine quality flashlight for frequent, intensive use and offers a.o.:

Very powerful, original CREE® T6 LED

This flashlight contains the most modern LED-technology:

- The patented, original CREE® T6 LED-lamp produces a bright light of ± 800 Lumen
- The lamp also has a light range of ± 200 m (in spotlight mode)

Intelligent Light Control

The 77H101-130 flashlight offers you many facilities to control the light. You can select the light mode you want just by pressing the on/off button:

1. High: 100% light intensity
2. Medium: 50% light intensity
3. Low: 30% light intensity
4. Strobe function
5. Flashing signal/alarm light

LED Technology

- Light bulbs give light by heating a glowing element. Only a maximum of 25% of the energy is transformed into light, the rest is dissipated as heat.
- A LED (Light Emitting Diode) is a semi-conductor made from, among other things, silicon under electrical voltage. This stimulates an electron flow with emitted photons, which is visible as light. Therefore, LEDs produce mainly light instead of heat.
- The advantages of LED-lighting are convincing:
 - LEDs have no filament which can burn out or break due to vibrations and shocks, therefore they last for an extremely long time: approx. 100.000 hours / 10 years - or more.

- They are much more efficient than standard light bulbs as a result of approx. 90% less power consumption, so the batteries have a much longer lifespan – and that at equal light production.

FEATURES AND USES

A flashlight is indispensable for everyone. For example, at home and at work, to have light available always and everywhere in an emergency. But also for in your car or boat and in every outdoor kit a flashlight is a 'must', sometimes even vitally important. For the police, fire service, security companies, or during military operations, a flashlight is utterly indispensable.

MAINTENANCE AND NOTES

- Always store dry and in a dry place
- If the end cap is (too) difficult to screw off, you can put a drop of (sewing machine) oil on the screw thread
- Clean the flashlight preferably with a soft, possibly slightly dampened cloth

WARRANTY

HOMEY's gives a 5 year warranty on all materials and manufacturing defects. Defects due to injudicious use, poor maintenance or normal wear and tear are not covered by this warranty. You can invoke the Homeij warranty preferably via your Homeij-dealer - on production of the receipt. One year warranty is given on the Li-ion battery.

HOMEY's – TOOLS FOR LIFE

Since 1970 we are passionate about creating handy tools you can use while working, cooking, caring, camping or traveling. If you enjoy life and do not want to go on the adventure on your own you'll need the perfect gear. There's HOMEY's, the ideal tool that makes your life more fun and easy. A best mate who's always there and you can fully rely on. Together success is guaranteed!

HOMEY's stands for quality and affordable products which are of practical use in differing areas of life such as outdoor, DIY, cooking, beauty and care. Whatever item you choose it will match your expectations and demands.
